Products

BENCH

Cast iron base, stained exotic wood seat.

Height assise : 456 mm (± 18 po)
Lenght : 1200 mm ou 1800 mm
(± 47 po ou 71 po)
Width : 360 mm (± 14 po)

BENCH WHIT BACKREST

Cast iron base, seat and back in stained exotic wood.

Seat height : 450 mm (± 18 po)
Height : 825 mm (± 32 po)
Lenght : 1800 mm (± 71 po)
Width : 705 mm (± 28 po)

LEAN BAR

Base in painted cast iron, seat in certified stained wood.

Height : 814 mm (± 32 po)
Lenght : 1500 mm (± 59 po)
Width : 272 mm (± 11 po)
Width d'assise : 238 mm (± 9 po)

ARMCHAIRS

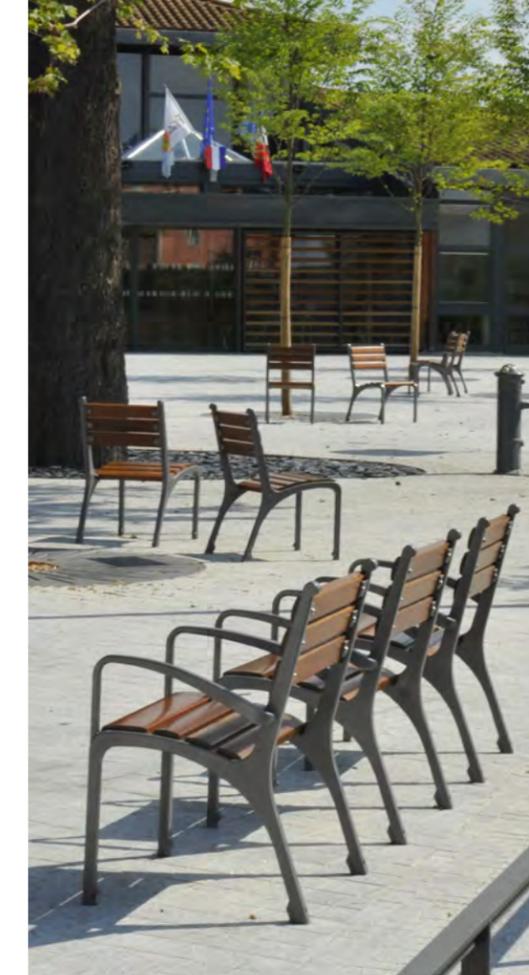

Aluminum base, seat and backrest in exotic stained wood.

Single armchair

Seat height : 430 mm (± 17 po)
Height : 810 mm (± 32 po)
Lenght : 600 mm (± 24 po)
Width : 576 mm (± 27 po)

Double armchair

Seat height : 430 mm (± 17 po)
Height : 810 mm (± 32 po)
Lenght : 1200 mm (± 47 po)
Width : 576 mm (± 27 po)

CHAIRS

Aluminum base, seat and backrest in exotic stained wood.

Single chair

Seat height : 430 mm (± 17 po)
Height : 810 mm (± 32 po)
Lenght : 600 mm (± 24 po)
Width : 576 mm (± 27 po)

Double chair

Seat height : 430 mm (± 17 po)
Height : 810 mm (± 32 po)
Lenght : 1200 mm (± 47 po)
Width : 576 mm (± 24 po)

FENCE

Painted galvanized steel,
handrail in certified stained wood.

Height : 955 mm (± 38 po)
Lenght : 480 ou 1100 mm (± 19 po ou 43 po)

BIKE RACK

Galvanized steel.

Height : 780 mm (± 31 po)
Lenght : 510 mm (± 20 po)

WASTE RECEPTACLE

Capacity 80 L

Aluminum body. Side door.
Stainless steel lock closure

Optional: ashtray

Height : 910 mm (± 36 po)
Width : 480 mm (± 19 po)
Lenght : 580 mm (± 23 po)

FIXE or REMOVABLE POLE

Painted cast iron.

Option: painted top.

Height : 1205 mm (± 47 po)
Diameter : 86 mm (± 3 po)

FIXED BOLLARD

Painted cast iron.

Height : 1070 mm (± 42 po)
Diameter : 240 mm (± 9 po)

Annex

The company, created before 1840, today employs nearly 650 employees in France. **GHM** is located in Champagne and Lorraine and has 4 main factories that transform cast iron, aluminium, bronze and steel. The factories also carries out machining operations, assembly and finishing of our productions.

GHM is first and foremost recognized for its creative force, with a unique manufacturing process. His history is rich in prestigious achievements:

- Wallace Fountains
- Lighting of the Champs-Elysées and the Alexander III bridge
- Guimard metro entrances

The mark of
responsible forestry

Durability

GHM has chosen to produce and offer furniture lines whose wooden elements come only from responsibly and sustainably managed forests. Proof of a respectful approach, obtaining FSC/PEFC labels, internationally approved by major NGOs, is the hallmark of **GHM** commitment. **GHM** has since been inhabited by the concern to imagine and offer durable equipment, and this concern of course involves the choice of materials.

Wood

From certified sources, the woods selected by **GHM** meet the most demanding criteria in terms of hygrometry and dimensional stability.

They are coated with a stain, which is applied according to an approved procedure, protecting them for two years, under normal conditions of use. An anti-graffiti treatment is applied as an option.

Cast iron

The cast iron, made from recycled materials, which is itself completely recyclable, fully meets eco-responsible criterias. In addition, the durability of this material makes it possible to transform cast iron products that have been in service for more than 100 years. Cast iron opens up an infinite choice of shapes and textures. Here are some benefits

- Impact resistance
- Lifetime
- Overload resistance
- Anti-vandalism
- Anti corrosion
- Anti-graffiti
